

DRIVEN TO DISTANCE

-Lyrics by Valerie Nowinski, Psy.D. ~ Music by Chad William Konchak-

I Know You Sense My Love in My Body
You Sense Warmth
You Sense the Rhythms of My Heartbeat
The Rhythm of My Breathing
I Yearn to Hold You in My Arms
Cradling You in Safety and Love

I Watch You so Closely I Hold You so Gently
I Sense Your Stillness I Sense the Storm of Sensitivity
You are being Driven to Distance amidst Our Love

I Watch You Spin I Watch You Flap
I Hear You Echo
You Startle You Stare You are Driven to Distance
Your Senses Overwhelm You
Repeated Behaviors Keep You Locked Up
A Sensory Storm Robotic Stillness to Explosion

Wishing You Peaceful Rhythms
Guiding Quiet Sounds Gentle Touch
Calm Movement Soothing Taste
Eyes Looking at Me Your Loving Spirit
No Longer Driven to Distance
Safe in My Arms with Love with Harmony
With Peaceful Rhythms

Rain Sounds like Boulders
Breathing Vibrates within You
Words Echo Recording with Speeds so Slow so Fast
You Can't Make Sense of What People are Saying
Used to Think You Couldn't Hear
You Couldn't Make Sense of the Sounds

Lights are Blinding Full of Darkness
You Startle You Stare
Sometimes Your Eyes Don't Move at All
Your Eyes Dart All Over Lost in Distanced Vision
Touch of Absent or Painful Sensations
Robotic Movements Motionless or Chaotic
Panic Startle Paralyzed Anxiety

Wishing You Peaceful Rhythms
Guiding Quiet Sounds Gentle Touch
Calm Movement Soothing Taste
Eyes Looking at Me Your Loving Spirit
No Longer Driven to Distance
Safe in My Arms with Love with Harmony

The World Seems so Novel
So New with Every Sensation
Robbing You of Memories and Interaction
Such Robotic Memory for Details
Such Difficulty Remembering
Words Expressions Gestures Touch
Out of Sync Sensations
Driving You to Distance

I Know You Need to Sense Peace
Hear My Voice
See My Gestures Feel My Affection
All with Peaceful Rhythms and Repetition
Moving in Harmony With You
I am Always With You

You Can Learn and Grow
Sensing Peaceful Rhythms
Repetitive Sensations Resonating in Harmony
I Will Always Embrace You
And Hold You with Comfort Over and Over

The World Will Not Seem so
New so Novel then Hearing Seeing
Tasting Touching Feeling Breathing Growing
With Peaceful Rhythms
Guiding Your Gentle Spirit
Your Journey Back to Me
Less Driven to Distance
In Harmony with Each Other
